

THE 1-CLICK ZEPTO & BLINKIT GROCERY CHEAT SHEET

Kitchen Transformation Kit — Special Digital Edition

■ Designed for Fast & Painless Sugar-Safe Cooking ■

This tool is part of your Secret Swap Recipe Vault Bundle. Use it to eliminate complexity, align your home support system, and take the friction out of daily meal preparation.

Managing your kitchen should take zero thinking. When it's time to stock your pantry, do not waste hours reading nutrition labels or visiting specialized health food stores.

Use this quick-reference sheet to order the **exact smart swaps** on **Zepto, Blinkit, Instamart, or BigBasket**.

1. The Core Flour (Atta) Swaps

Standard wheat atta spikes blood sugar quickly. Swap it for these low-GI options.

High-GI Item to Avoid	Low-GI Smart Swap Brand	What to search on Zepto / Blinkit
Normal Wheat Atta (GI ~62)	Aashirvaad Sugar Release Control Atta	"Aashirvaad Sugar Release Atta"
Maida (Refined Flour) (GI ~72)	Organic Tattva Ragi Flour (Millet)	"Ragi Atta"
Processed Bread / Roti	Organic Tattva Jowar Flour (Sorghum)	"Jowar Atta"
All-Purpose Baking Mix	True Elements Almond Flour (Low-Carb)	"Almond Flour"

- **1-Click Action:** Mix **50% Jowar Atta + 50% Aashirvaad Sugar Release Atta** for a perfect low-GI daily roti blend that tastes identical to normal rotis but digests twice as slowly.

2. The Rice & Grain Swaps

Polished white rice is pure glucose. Swap it with basmati varieties clinically tested for low-GI, or grain-free alternatives.

High-GI Item to Avoid	Low-GI Smart Swap Brand	What to search on Zepto / Blinkit
Polished White Rice (GI ~73)	Lal Qilla Majestic Diabex Rice (Low-GI Basmati)	"Lal Qilla Diabex Rice" or "Daawat Low GI Rice"

Instant Oats (GI ~83)	Daawat Brown Rice / India Gate Brown Basmati	``Brown Rice Basmati``
Maida Noodles (GI ~70)	Frozen Cauliflower Rice (Grain-free, GI ~15)	``Cauliflower Rice`` or ``Sumeru Cauliflower Rice``

- **1-Click Action:** Search for a fresh head of cauliflower, grate it in 2 minutes, and stir-fry with ghee for a zero-spike Cauliflower Rice base.

■ 3. Sweeteners (Zero Refined Sugar)

White sugar, brown sugar, honey, and jaggery (gud) ALL cause massive sugar spikes. Swap them for natural, clinically safe sweeteners.

Sugar-Spike Item	Safe Sweetener Brand	What to search on Zepto / Blinkit
White Refined Sugar	Sugar Free Green Stevia Powder (Natural stevia)	``Sugar Free Green Stevia``
Jaggery (Gud)	Zindagi Stevia Liquid Drops (Great for chai)	``Zindagi Stevia Drops``
Honey / Maple Syrup	Monk Fruit Sweetener with Erythritol	``Monk Fruit Sweetener``

- **1-Click Action:** Add **2 drops of Liquid Stevia** to your morning chai instead of white sugar. Tastes sweet, zero metallic aftertaste, and zero blood sugar impact.

■ 4. Cooking Fats & Oils

Refined vegetable oils cause inflammation. Swap them for traditional cold-pressed oils.

Avoid (Inflammatory)	Use (Traditional Cold-Pressed)	What to search on Zepto / Blinkit
Refined Sunflower Oil	Fortune Kachi Ghani Pure Mustard Oil	``Kachi Ghani Mustard Oil``

Refined Soyabean Oil	Tata Simply Better Cold-Pressed Coconut Oil	``Cold Pressed Coconut Oil``
Vanaspati Ghee	Amul Organic Cow Ghee / Mother Dairy Ghee	``Cow Ghee``

■ 5. Tea-Time Snacks & Seed Mixes

Ditch the Marie biscuits, rusks, and namkeens. Stock up on these healthy, crunchy snacks.

High-Carb Snack	Low-GI Safe Snack Brand	What to search on Zepto / Blinkit
Marie Biscuits / Rusk	Plain Makhana (Roast at home in ghee)	``Makhana Plain``
Aloo Bhujia / Sev	Mr. Makhana (Roasted & Flavored)	``Mr Makhana``
Maida Cookies	Roasted Salted Peanuts / Almonds	``Roasted Peanuts`` or ``Roasted Almonds``
Potato Chips	Neuherbs Chia Seeds & Flax Seeds (For seed mix)	``Chia Seeds`` and ``Flax Seeds``

■ Tip: ■ The 2-Minute Quick Check: Before you check out on Zepto or Blinkit, ensure your cart has:

■ Tip: 1. At least one Low-GI grain (Ragi/Jowar/Diabex Rice).

■ Tip: 2. A natural sugar substitute (Stevia or Monk Fruit).

■ Tip: 3. Healthy fats for cooking (Mustard Oil or Cow Ghee).

■ Tip:

■ *Tip: Everything else can be normal vegetables and paneer/chicken/eggs.*
